Article 22 Additional Information

A trophy event will run from MC7 over last two stages of the event. Any vehicle which has retired prior to MC6 and have had their vehicle re-scrutineered will be allowed to start after the end of the main event. Competitors must present themselves to the scrutineers at MC6/Service IN, no later than midday.

J D Motorsport tyres will be attending the event and they can be contacted on 07968020546.

Procedure on arrival in Llandovery

Trailer unloading, scrutineering and noise is at Llandovery mart, please unload & follow marshal's instructions to park.

There is a lay by approx. 1 mile east of Llandovery where cars can be unloaded and trailers parked

Due to the lack of room in the mart, NO private cars will be allowed, only vehicles towing trailers

Do not use or block access roads.

If you park your car in the public car park do not forget to pay the parking charge.

Once you have completed scrutineering, please proceed to the Castle Hotel (rear entrance) where documentation will be completed.

Time cards will be issued when your documentation is fully completed.

SERVICE INFORMATION

Access to Epynt will only be via the Dual carriageway MR 160/861371, this will allow competitors to park their trailers in lay byes at map ref 160/862342. There is no other area on Epynt where trailers can be parked. **NO** trailers will be allowed to be parked in the service area. If trailers are found in service area you will be asked to move them.

In previous years and despite the organisers requests competitors have continued to take their trailers and private cars into the service area, we have therefore decided to employ professional Security personnel to cover the access roads approaching the service area and they will have the instruction not to allow any trailers into the service area.

Competitors will be issued with passes (2 per crew), to allow access for private vehicles to access the service area. They must be parked in the designated area marked on enclosed map.

This ruling is for you, your service crew and anybody associated with the event, to make the service area as safe as possible

Any competitor who abuses this system and leaves their car in the service area may find it has been removed and they will be reported to the Clerk of the Course for appropriate action to be taken.

The Service area is situated at the Quarry between map ref 160/ 868387 and 160/ 878397

The service area is just large enough to accommodate the whole field providing crews are not selfish.

A refreshment unit along with toilets will be situated in the Service Area.

RECCE INFORMATION

A 'Recce' day will be held on the ranges on Saturday 10th March 2018, there will be charge of £10.00 per car.

Please print off the Recce Registration Form, fill it in & bring it with you if possible to speed up the registration process.

Competitors are to sign on at the Quarry (Service Area (NOT DIXIES)) MR 160 / 874.5 396 from 10.00. Recce will commence at 10.30 am

Competitors are **NOT** allowed to use their competition car during Recce, this is an MSA instruction.

Competitors will issued with specific Recce grouping letters and are to be displayed on the front and rear windscreens of the vehicle at all times during recce.

Do NOT exceed 30 mph when on MOD property.

At some point during the Recce convoys will meet other convoys travelling in the opposite direction, please be aware, vigilant and patient at all times.

Do drive with care as set up crews will be in operation.

Follow convoy leader at all times.

DO NOT STOP OR HOLD BACK FOR ANY REASON.

Any crew deliberately holding back or stopping or deviating from planned schedules will be stopped from taking any further part in Recce, and escorted off the ranges, and reported to the Clerk of the Course for further action which may mean a fine/time penalty or in more serious cases that competitor will not be allowed to start

In order for Recce to start on time please have vehicle registration forms completed before arrival.

All cars must be clear of the range by **15.00 at latest**
